Mission

Contribute to the benefit of humanity and society

Vision

We create a sustainable world with Next Generation

“Hyundai Motor Group's growth into a global automobile maker was largely possible due to the unwavering support of our nation's people. We have always sought ways to reciprocate this generosity and, as entrepreneurs, to assist those left in the shadows of economic growth. We hope that the marginalized in our society can enjoy cultural benefits and educational opportunities. We wish to help ensure they do not lose hope.”
